

800-942-4447

NP Dry Fit Series

- High tech plastisol ink for virtually any fabric.
- Stretchable enough for most moisture management apparel.
- The finished product becomes ultra-soft. No more rough prints.
- Safe for use on cotton, poly/cotton, polyester, and even nylon.
- Non-phthalate formulation exceeding CPSIA requirements.

Who should use this ink?

This ink is for every screen printer looking for the highest technology ink series that combines an ultra-soft feel with great bleed resistance.

Who should not use this ink?

If you only screen print 100% cotton, most of this new technology, with an exception of the soft finish, will go unnoticed.

Flash Cure

240° – 260° F
4 – 6 seconds
