

Nylostretch Series

- Our best ink for printing the most stretchable nylon/stretch blends.
- Nylon catalyst not required unless the nylon fabric is water proof.
- High gloss finish.
- Perfect for stretchable football uniforms.
- Durable finish for excellent abrasion resistance.

Who should use this ink?

Athletic printers who require the maximum amount of stretch with their plastisol ink will want to use Nylostretch Series.

Who should not use this ink?

Nylostretch Series does not have the bleed resistance required for screen printing 100% polyester or poly/cotton blends.

Flash Cure

240° – 260° F
4 – 6 seconds

Cure Temperature
