

Polystretch Plus Series

- Our best ink for the most stretchable polyester/stretch blends.
- Super opaque white ink available. Colors are best underbased.
- Large selection of all our most popular colors.
- Perfect for stretchable soccer and football uniforms.
- Durable finish for excellent abrasion resistance.

Who should use this ink?

Athletic printers who require bleed resistance and the maximum amount of stretch with their plastisol ink will want to use Polystretch Plus Series.

Who should not use this ink?

Polystretch Plus Series is not meant for screen printing cotton and poly/cotton inks. T-shirt printers should not use Polystretch inks.
