GO GREEN

with SAATiChem's plastisol ink degraders.

Chemical Resistant Scrub Brushes

These scrub pads are not prone to premature breakdown with extensive chemical use. Save on your supply dollar with this great product.

IR4

Ink Degradator

IR4 is a water driven ink remover designed to degrade plastisol effectively with a small amount of product. Water does most of the work with this inventive degrader. Drain safe.

PW4

Press Wash

PW4 effectively removes ink when color changing and does not leave any residue. PW4 can substitute for a screen opener and effectively cleans pallets, equipment, and squeegees.
