

EasyWeed

Description

EasyWeed is a polyurethane, ready-to-cut material designed for custom garment decoration. EasyWeed is in a league of its own because of the pressure sensitive carrier. This feature allows you to weed small letters and fine designs easily. Much thinner than our other film materials, EasyWeed offers excellent durability, even after repeated washings. It's great for player names and numbers or adding personalization to corporate wear. Because of its thinness, it's extremely easy to cut, weed, and heat apply and is perfect for single color or multi-layered applications. This is a HOT PEEL product. Available in 15" widths by 5, 10, and 50 yards.

Use On

- 100% polyester
- 100% cotton
- All poly/cotton blends

Application

- All designs must be cut in reverse
- Preheat garment in heat press at 302F degrees for 4 seconds
- Position EasyWeed application on garment
- Heat apply 302F degrees for 10-15 seconds, medium pressure
- Peel hot

Available in 36 Colors

Matching Ink Colors

Whether you are printing T-shirts, sweats, uniforms, or jackets, One Stroke Inks has a plastisol screen printing ink matching the EasyWeed colors. This will allow for consistent color with printing and cutting. Additionally, all of our inks are GUARANTEED. If you are not happy with our ink or the color match, we will give your money back.

Finally...ink and vinyl that match! Guaranteed!
