

# EasyWeed EXTRA

## Description

EasyWeed Extra is a polyurethane, ready-to-cut material designed for custom garment decoration. EasyWeed Extra is in a league of its own because of the pressure sensitive carrier. This feature allows you to weed small letters and fine designs easily. Much thinner than our other film materials, EasyWeed Extra offers excellent durability, even after repeated washings. It's great for player names and numbers or adding personalization to difficult fabrics. Because of its thinness, it's extremely easy to cut, weed, and heat apply and is perfect for single color or multi-layered applications. This is a HOT PEEL product. Available in 15" widths by 5, 10, and 50 yards.

## Use On

- Material suitable for "difficult" fabrics such as nylon jackets, sportswear, bags, umbrellas, and leather.

## Application

- All designs must be cut in reverse
- Preheat garment in heat press at 302F degrees for 4 seconds
- Position EasyWeed application on garment
- Heat apply 302F degrees for 10-15 seconds, medium pressure
- Peel hot
