

BEAN•e•doo® Textile Ink Cleaner

Made from soybeans • 100% Biodegradable • Non-Toxic and Non-Caustic

BEAN•e•doo® Textile Ink Cleaner eliminates the use of mineral spirits and other volatile solvents while saving you time and money! BEAN•e•doo® was the first product introduced by Franmar Chemical to replace the caustic, toxic, high odor products, and at a *fraction* of the cost. BEAN•e•doo® effectively cleans screens without the odor and is drain safe. Low VOC and 100% Biodegradable, this amazing ink cleaner reduces the hazards of screen reclamation to workers *and* the environment!

To Use:

- 1. Remove all tape residue from frame edge.**
- 2. Pour or spray a small amount on the screen (do not dilute).**
- 3. Work in with scrub brush or Franmar's White Biggee Pad.**
- 4. Wipe with damp shop towel or rinse clean with water.**

BEAN•e•doo® Textile Ink Cleaner does not evaporate, a water rinse or cleaning with a damp shop towel is necessary to remove the oil residue.

- ✓ **Tip #1** Less is more! Control amount by using a spray bottle - six or seven squirts is all that's needed to clean a standard size screen.
- ✓ **Tip #2** Use a dedicated pad for each solvent to avoid mixing chemicals and extend life of the pad.
- ✓ **Tip #3** Pressure washing facilitates a clean screen.
