SCREEN UNLOCKER

TIP SHEET

UN-Lok

Removes Locked Emulsions

Works with All Emulsions • Non-Toxic and Non-Caustic

Remove locked emulsion and bring screens back to life with **Franmar's UN-Lok.**

Locked Emulsion Removal:

Liberal apply UN-Lock to Locked Emulsion and rest of screen. Let product sit for 10-30 minutes, (More time may be needed for heavily locked areas.), and then scrub well with Red Pad. Wash with power washer or water hose with pressure nozzle. Repeat if needed for trouble spots. Wash thoroughly.

Usage Tips

- UN-Lok can be left on screens overnight.
- Check for loosened emulsion with fingernail.
- If desired, a degreaser can be used as a final cleaning step.
