MR. COTTON WHITE

TECHNICAL INFORMATION

SHORT DESCRIPTION

Softness you can feel. Strong enough to last! Mr. Cotton White is designed for large artwork.

BENEFITS

- Excellent fiber mat-down.
- Smooth finish without being shiny.
- High viscosity with easy print-ability.

TIPS & TRICKS

- Thin ink deposits will not stretch very far without cracking. For the most stretchy fabrics, be sure to print enough ink to be durable.
- Compatible with colors from any series that is meant for cotton.

COMPLIANCE

All of the inks manufactured by One Stroke Inks are phthalate compliant and in accordance to Proposition 65. For more information or to download individual Safety Data Sheets visit https://www.onestrokeinks.com/shopcompliance.asp

QUICK SPECIFICATIONS

FABRIC TYPES
100% Cotton

MESH COUNT
86 to 158

INK CURING
320°F - 330°F

FLASH CURE
5/5: Exceptional

SQUEEGEE
70 Durometer

CLEAN UP
PW-4 or IR-26

ADDITIONAL INFORMATION

PRECAUTIONS

- These parameters have been set under lab conditions. We recommend doing a test run to account for variables we cannot control during our testing process.
- Our mesh count recommendations are based on printing difficult fabrics. However, this series will print through finer mesh with ease.

For best results, stir inks vigorously before each use. Adjust viscosity to your preference. Washing and drying your prints is the ultimate test of durability. Always preform a test run to check that cure conditions have been properly set. If you have further questions, contact us at 800-942-447. We are happy to help you!
